

FISHER'S KIDS 2020

SOUNDCRAFT

How to enter the C-A-C SOUNDCRAFT world in Minecraft

Step 1

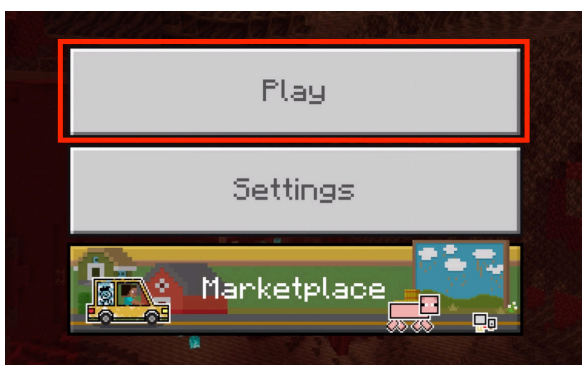

If you don't have Minecraft already downloaded on your device, visit your app store to download Minecraft onto your Android/Apple device (including tablets and phone).

Apple App Store -

<https://apps.apple.com/au/app/minecraft/id479516143>

Google Play -

<https://play.google.com/store/apps/details?id=com.mojang.minecraftpe>

Step 2

Once downloaded onto your device, click on "Play".

Step 3

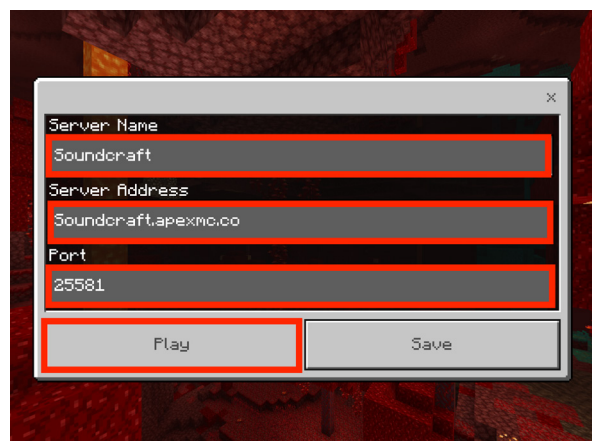

Click servers tab, then click "add server". Copy the following details into the text fields.

Server name: Soundcraft

Server address: Souncraft.apexmc.co

Port: 25581

Wait for the ping to turn green, then click "join server".

Step 4

After adding these details for the first time, you'll always be able to find and play Soundcraft in your "Servers" tab!
